GENERAL INFORMATION

- Conference venues

The university city of Kaiserslautern with a population of nearly 100,000 inhabitants lies in the northwest of the Palatinate Forest. The Palatinate is best known for its enjoyment of life, a Mediterranean climate, and rich delights – especially good wine.

Baden-Baden is an international spa resort with hot thermal baths since Roman times. The 54,000-inhabitant city is known for its casino. It is located on the edge of the Black Forest, which is particularly popular because of its dense, evergreen forests, and picturesque villages.
